

**Booking Terms and
Conditions
Adele Pennington
Mountaineering**

For UK and Norway Guiding/Instructional Courses

1.	A deposit of 10% of the total guiding / course fee is required to confirm the booking with Adele Pennington Mountaineering (APM).
2.	Deposits will be refunded less a £10 booking charge if the booking is cancelled more than 4 weeks (28 days) before the start of the course.
3.	The balance of fee is due for payment 4 weeks (28 days) before course/guiding commencement. If fees are not received by then APM has no obligation to hold your reservation.
4.	In the event of late cancellation up to 2 weeks (14 days) before commencement APM will refund 50% of the total fee; thereafter no refunds can be made. Cancellation insurance cover is recommended to all clients.
5.	In the unlikely event that APM has to cancel then all monies paid to APM will be refunded.
6.	For Norway courses at least two bookings are required for the course to go ahead at the advertised price. In the event that one person cancels and there is no one else to take the place then a surcharge will have to be made or the course cancelled.
7.	In the event that the day's activity is totally curtailed by the weather conditions or any other circumstances beyond the control of APM then an alternative activity or date will be ensured if at all possible. A refund will be considered under certain circumstances for which the day was curtailed.
8.	Whilst APM ensures a high professional standard of service, care and safety of all clients; one must be aware that participation in mountaineering activities involves an acceptance of objective risk and of responsibility for the consequences of one's own actions. This is all part of the adventure of mountaineering!
9.	APM has the right to exclude a client or change or adapt the activities undertaken if it is felt that the client may endanger the safety or success of the rest of the party. No refund will be made to the individual/s concerned.
10.	APM makes every effort to fulfil people's personal aspirations but will only do so if it is safe to do so. Mountaineering is a dangerous activity and a life is worth more than a route or a summit!
